

George Washington Carver
Engineering and Science High School
2019 Summer Enrichment

AP MICROECONOMICS

Due Wednesday, September 4th

Text: *Nickel and Dimed* by Barbara Ehrenreich

Please join the Google Classroom for this course (code: **feprwz**) and find the corresponding questions there later this summer. You may email your teacher, Mr. Dutil (bpdutil@philasd.org), with any questions.

I. College Board Account

You need to be able to access your College Board account. If you have multiple accounts, you need to combine them into one. This needs to be done because:

- Your AP tests will be ordered through your College Board account.
- College Board is releasing materials needed for class and this material will be accessed through your College Board account.
- You receive your scores through this account.

Due to privacy issues, E&S cannot help you with this process. You must call the College Board to fix any issues. You need to do this well before the first day of school. If you can't remember the email you used when you created your account or are still having trouble accessing your account, call College Board Customer Service at 866-315-6068. If the number changes over the summer, remember there is always Google.
