CARVER PARTNER NEWSLETTER: BACK TO SCHOOL EDITION

We're excited to greet this new school year with you, regardless of the circumstances in which we come to it. Right now we are sure you have many questions, as do we; rest assured we will tackle this year together. This is the first of many future partner newsletters, one of many efforts we are making this year to better connect the Carver community.

Check the following pages of this newsletter for more specific updates and ways to stay involved. As always, thank you for your support and collaboration. We look forward to another great school year!

Sincerely,
Carver E&S

CARVER UPDATES & HIGHLIGHTS

Carver events:

- 2nd Annual Back to School Bash, our club and extracurricular fair for students, Friday 9/18
- Back to School Night, Thursday 9/24

Students at Carver continue to succeed!

- Rising AP exam scores in 2020
- \$18.2 million in scholarships for 2020 Carver grads
- [Watch the 2020 virtual Carver commencement here](#)

Carver students in the news:

- [Rising Senior at Carver Describes Taking ACT During COVID](#)
- [7th Grade Student Participates in DNC National Anthem](#)

STUDENT SPOTLIGHT: TOLUWANIMI OLALEYE

11th Grader at Carver

Favorite subject? Biology

Extracurriculars? Tolu is a part of volleyball, track and field, Black Student Union, National Honor Society, Women of Tomorrow

What about outside of Carver?

Tolu is a Student Representative for the School District of Philadelphia, a Junior Fellow with the Philadelphia College of Physicians, and practices volleyball with the Starlings

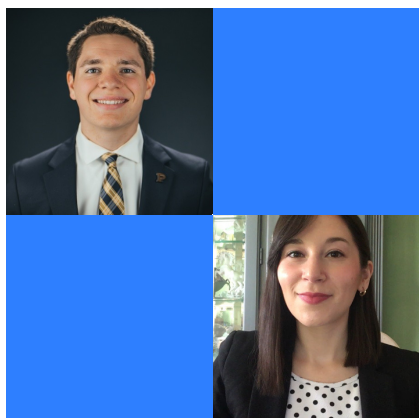

Favorite thing about Carver? "The school community. I'm very comfortable in my school and I am never hesitant to reach out to my teachers. While no school is perfect, I feel as though Carver does a great job in making people feel welcomed and loved."

Why STEM? "The world is advancing every single day. Bringing up our youth on the basis of STEM will allow them to be more prepared for the future and might even spark potential interest in those fields."

Fun facts and things you do in your spare time? "I was born in Lagos, Nigeria, love anything chocolate, and like Korean dramas and telenovelas; I like going on bike rides, reading, dancing, hanging out with my friends, and playing Mario Kart with my little brother"

Future hopes? "I would like to become a pediatric oncologist in the future. Johns Hopkins University is my dream school."

MEET YOUR NEW PARTNERSHIP TEAM

As part of this effort, two new staff members have been added to our community: Caleb Hettinger, the new Community Partnerships Coordinator through AmeriCorps VISTA, and Amanda Maisonave, the new College and Workforce Equity Coordinator through Steppingstone Scholars. With both of these great new staff members joining the Carver E&S family this year we are very excited at the new ways that we can better serve our students and our community.

MONTHLY PARTNER MEETINGS

These meetings will serve as a way to better connect Carver and its partners, connect the partners to each other, and give everyone the opportunity to grow and learn how to best serve our students.

Our first partner meeting will be on Tuesday 10/6 from 9-10 AM. If you are unable to make this time, please email Caleb and he will be happy to pass along notes and discuss better times in the future. Below, you can RSVP and find the meeting link; the meeting link will be emailed later as well.

MORE WAYS TO STAY INVOLVED

Even though we're in a virtual world, partnerships are just as important now as ever! Our partnership team will be reaching out if they have not already about ways that we can continue to serve Carver students this year.
